

FACTS TUITION MANAGEMENT & FACTS GRANT AID & ASSESSMENT

Cotter Schools uses FACTS Tuition Management as our tuition payment processing system. This is where parents are billed for tuition, pay their tuition (with several payment options) and can access their tuition information anytime.

FACTS Grant & Aid Assessment is an independent, third party company that conducts financial analysis to determine your family's financial need. Our school receives a confidential report outlining your financial situation based on the information obtained in your application and supporting tax documents. It is the tool we use to assess need for tuition assistance for family affordability grants. This system links to our FACTS Tuition Management system allowing us to post award directly to your family payment plans.
